The proposition statement though not in the prescribed form has been duly verified.

21 The cost of variable items viz., "Travelling Allowances", "Supplies and services", and "Contingencies" have been included in the statement but as the expenditure under these heads vary according to the nature and quantity of work turned out each year these items have to be excluded in calculating the financial result of a revision of establishment. The other figures enter into the calculation of the total cost of the new scheme. As this office is required only to varify the cost of establishment these items are excluded. The figures under the columns "Present" and "Proposed" will then be Rs 85,130 and 86,614 respectively per annum.

22 The Inspector General proposes (Vide pages 5 and 6 of his letter) to transfer one senior Samskrit Pandit on Rs 45-3-60 and one Senior Kannada Pandit on Rs 30-3-45 of the Training College to the Oriental Library in connection with the scheme for encouragement of advanced study of Samskrit and Kannada Research but it does not appear that these have been included in the proposition statement in the column for proposed scale.

23 In that case an addition of Rs 1,140 per annum

1. A graduate in Kannada on 75-10-125 is proposed - If it is necessary to have such an officer, the number of pandits may be reduced by one -

The ~~fee~~ remuneration for Research Studentships is fixed at 1000 Rs for 2 years or about Rs 40 p.m. These Students are ~~only~~ not superior in learning or status to the Upadhyas Pandits employed in the Colleges who get pay ranging from 20 to 70. The Research Students should therefore get only about Rs 20 p.m or 500 Rs for the two years. There is not much ~~difference~~ to the proposed increase under Public Service Conference to warrant any objection.

I think this matter may be referred to the Sanskrit education Committee. The Oriental Library should be worked as an organic part of the system of Sanskrit Education in the State and any reorganisation sanctioned without reference to that system as a whole may be unhelpful.

47 Now that the Mysore University is to come into existence from the 1st of July next, it is for consideration if the Oriental Library should remain an independent institution. I have submitted a note to the University Committee urging the establishment of a faculty of oriental learning which is now under consideration. This proposal may, if there be no objection, lie over till that question is decided.

49 The following remarks are however offered on the draft Government Order put up:-

Paras 2 and 6. As a considerable portion of the printed books has been transferred to the Public Library, there is no necessity for a separate Librarian for printed books. At present there is no clerk attached to the Library. The one proposed to be sanctioned will not have sufficient work. He should therefore be made to be in charge of

Para 7. Provision has been made for the grant of stipends for Sanskrit studies in the proposals submitted by the Sanskrit Education Committee and under consideration by Government. The institution of 2 research studentships for Sanskrit and Kanarese at Rs.500/- a year may be left to the University.

Statement appended to Government Order.

Section. I. The average cost of the post of clerk on 30-2-40 ought to be $37\frac{1}{2}$ and not $36\frac{2}{3}$.

Section. II. One literate attender appears to be sufficient. In para 3 of draft Government Order it is stated "that no separate travelling Pandits are necessary, any of the existing Pandits being sent out for the purpose of collecting manuscripts." The entertainment of separate peons for the purpose is not therefore necessary. One of the office peons may if necessary be taken.

Section III. The pay of the post of Librarian is stated to be 50-5-70 while in the body of the order it is noted as 50-4-70. The average cost should Rs.66 or 65 and not Rs.62/.
